

CHEM ENG NEWS

Department of Chemical Engineering and Applied Chemistry
University of Toronto

Vol. 26, No. 5, February 6, 2009

SEMINARS:

- CHE2011H Graduate Seminar Presentation Series, Department of Chemical Engineering and Applied Chemistry, University of Toronto

S. Frensch, *Determinants of Asset Flows in the Canadian Mutual Fund Market*

N. Jayasinghe, *Mathematical Modeling of the Bio-Film Anode in the Microbial Fuel Cell*

B. Kamino

Wednesday, February 11, 2009, 10:10 – 11:30 a.m., Room 420, Wallberg Building, 200 College Street
Student supervisors and interested faculty are welcome to attend and evaluate the students. There will be prizes for the best three seminars of this term.

- Environment & Health Seminar Series, Centre for Environment, University of Toronto

Gord Miller, Environmental Commissioner of Ontario

Air Quality Monitoring and Reporting in Ontario – Fostering a False Sense of Security

Thursday, February 12, 2009, 4:10 p.m., Health Sciences Building, Room 108, 155 College Street

ANNOUNCEMENTS:

Position Available:

The Department of Chemical Engineering at Ryerson University invites applications from outstanding candidates for a tenure-track faculty position at the Assistant/Associate Professor level. Preferred research areas are in Polymer Reaction Engineering or Polymer Processing, requiring an additional expertise in mathematical modeling and simulation; however, outstanding candidates in the Department's designated research areas will be considered. Candidates must have a Ph.D. in Chemical Engineering or a closely related field. Applications, including a current c.v., a statement of proposed research directions and teaching interests, and the names of at least three references, should be sent to: Department of Chemical Engineering, Ryerson University, 350 Victoria Street, Toronto, Ontario, M5B 2K3 (e-mail: chemeng2@ryerson.ca). Applications will be reviewed after March 27, 2009.
