University of Toronto

Vol. 26, No. 21, June 5, 2009

SEMINAR:

- Pulp and Paper Seminar, Pulp and Paper Centre, University of Toronto
Dr. Agne Swerin, Institute for Surface Chemistry (YKI), Stockholm, Sweden
Surface Science of Paper and Prints
Monday, June 8, 2009, 10:00 – 11:30 a.m., Room 420, Wallberg Building, 200 College Street

ANNOUNCEMENTS:

Graduate Orals/Reading Committee Meetings:

Ph.D. Reading Committee – M. D. Baumann, Monday, June 8, 2009, WB215, 1:00 p.m.
Research Topic: DEVELOPMENT OF A POLYMERIC COMPOSITE FOR INTRATHECAL DRUG DELIVERY

Committee: Chair – Y.-L. Cheng; Supervisor - M.S. Shoichet; Other Member - P. Santerre

Ph.D. DEPARTMENTAL ORAL - L. Jantunen, Monday, June 8, 2009, WB115, 10:00 a.m.

Thesis Title: USING CHEMICAL MARKERS (ISOMERS AND ENANTIOMERS) TO TRACE SOURCES AND GAS EXCHANGE OF ORGANOCHLORINE PESTICIDES (OCPs)

Committee: Chair - M. Diamond; Supervisor - T. Bidleman; Other Members - C.Q. Jia, D. Mackay, F. Wania

Ph.D. Reading Committee – C. Healey, Tuesday, June 9, 2009, WB115, 10:00 a.m.

Research Topic: MECHANISM OF MIXED-ION EFFECTS ON CORROSION IN THIN PARTICULATE LAYERS

Committee: Chair - V.G. Papangelakis; Supervisor: -; Other Members - D.W. Kirk, S. Thorpe

Ph.D. Qualifying Examination – L. Yang, Friday, June 12, 2009, WB115, 2:00 p.m.

Research Topic: IDENTIFYING AND ALLEVIATING FLUX CAPACITY CONSTRAINTS IN METABOLIC NETWORKS

Committee: Chair - G.J. Evans; Supervisors - W.R. Cluett, R. Mahadevan; Other Members - E.A. Edwards, D.M. Frances

Congratulations:

... to Joel Corbin who won the Poster Competition in the Analytical Division at the 93rd Canadian Society for Chemistry's annual conference. Joel presented results from his fourth year thesis that was co-supervised by Professors Jon Abbatt and Greg Evans.

Saturday June 6th Events:

On Saturday morning (June 6th), the province will be commemorating the 65th anniversary of D-Day with a parade and ceremony in and around the legislature building. The University is allowing the use of some of the grounds for the staging of participants as well as some military and transport vehicles. Queen's Park Crescent west side will be closed Saturday morning from Hoskin to College and the East side from College up to just north of the park. Hart House Circle including the Wellesley Street exit will be completely closed to vehicular traffic. All University areas should reopen by 10:00 a.m. and city streets closer to 12 noon. Please keep this in mind if you intend to travel to the campus on Saturday morning.
